

Hi LoCo's,

I'd like to submit my name for consideration for the LoCo Disc Golf Board of directors.

The essence of why I'm interested in running is that I want to support the LoCo community wirt large and contribute to the efforts materially. I am very interested in supporting the club activities as well as continuing to grow the marquee events and broaden our exposure. This club endeavors to innovate on the traditional events and add real meaning supporting the community (Finding North, Ice Bowl, supporting other area clubs etc), while also adding value to the community by installing a new course and maintaining an open dialog with the broader community to continue to add (and improve) courses and events. This excites me and I'd like to help the team with these efforts.

*I would like to assist the club in 3 fundamental ways:*

1. I believe I can assist in some ways to **establish a rapport with the Loudoun County Chamber of Commerce** in an effort to expose more at the county level to what we're trying to achieve as a (501.c3) charitable organization. Specifically, I would like to engage the business community to get more involved with the club. This can mean several things. I'd like to work with the board to initiate and shape that direction.

2. I'd also like to work with club leadership to **establish an opportunity for educational clinics**. Our club has grown significantly in numbers and more specifically seen many new 'Rec' level players join. This is fantastic! It's a passion of mine to offer the 'student of the game' opportunities to learn from the Master's (so to speak). In the past, this has proven to be a challenge, and I'd like to make a real push to establish something and learn from that experience and iterate on this topic to make it a first rate educational experience for skills of all levels. I know I really want to get better at this game, and believe there are many folks that share in this thought.

3. I'd like to create more opportunities to **engage other clubs in the area in a competitive manner**. I don't know what this looks like yet, but I'd like to work with the board to figure something out. I believe this could be an engaging way to include members across clubs and enhance the community feel. ODCC only happens once a year, it is a terrific event, though limited in size (intentionally). I suspect we have an opportunity to build upon that incredible concept. Specifically, I'd like to set-up some kind of organized competition where clubs travel to each-others courses for competitive matches.

-Heck, I don't know if these ideas are viable, but I'd like to at least engage in the discussion and see what lies in the art of the possible.

The club has great momentum going, I'd like to support that endeavor in a positive/substantive way. It takes a lot of effort to keep the momentum going, I'd like to do my part and pitch-in as part of the team.

Thank you for your time and consideration.  
Regards,

~Rob.
